Keene RC-1 Rock Crusher (*Local Pickup Only)

THIS PRODUCT IS AVAILABLE FOR LOCAL PICKUP ONLY! For Exceptions, Please Call Us.

This machine is lightweight, high-speed, and designed for crushing rocks to extract minerals, particularly gold. It uses centrifugal force to crush rocks against a hardened steel impact wall at high speeds. The RC-1 rock crusher can handle rocks up to one inch in size and is capable of reducing them to a fine powder, which helps in separating gold from other materials.

Price: $1,849.00
