Please see the newer version: Fender FA-15 3/4 Steel String Acoustic Guitar With Gig Bag

Steel String (3/4 Size) Acoustic Guitar

Fender’s upgraded MA-1 mini acoustic now provides an improved playing experience akin to that of more expensive full-size instruments.

These great-sounding, solidly built 3/4 size guitars are perfect for school music programs, individual students and beginners who are more comfortable with a smaller guitar. New features include upgraded tuners for more stable intonation, a gig bag to protect the instrument on its way to and from lessons and school, Fender headstock logo, and back and sides made from a beautifully grained tropical wood called sapele, which produces a sweet, full tone.
