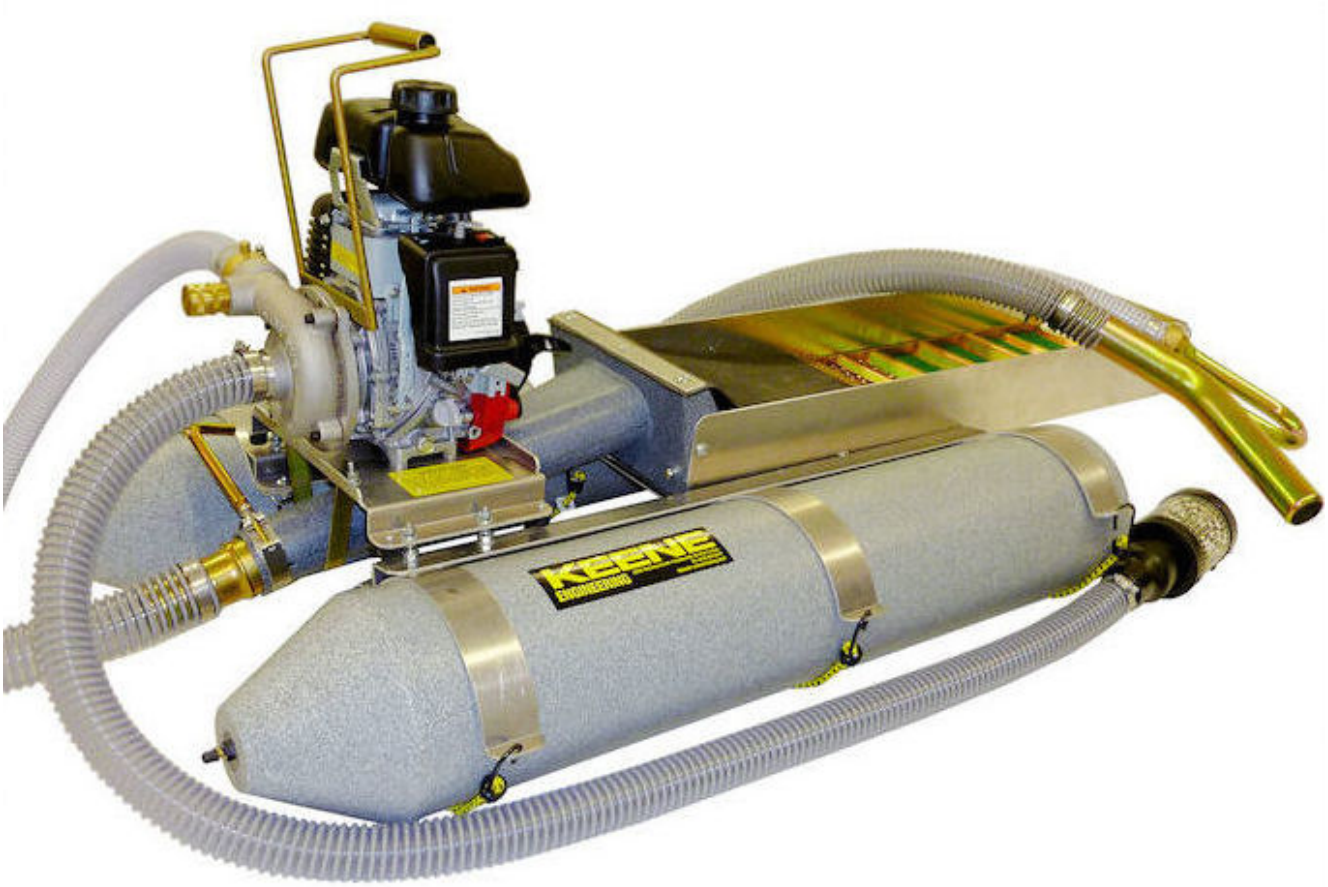
Keene 2 Inch Backpack Dredge With Suction Nozzle 2004SNF (*Local Pickup Only)



This engine and pump combination produces an unbelievable 100 gallons per minute and up to 160 feet of head pressure. The

sluice box is specifically engineered for fine gold recovery and easy clean up. The Model 2004 is constructed with an aluminum frame and is supported with grey hard Marlex pontoons. The model 2004 comes equipped with a suction nozzle.

All models include 15 feet of suction hose.

For extremely shallow water conditions, the suction nozzle is recommended.
