## **The New Fender American Acoustasonic Telecaster Is Revolutionary**

This is one amazing new product from Fender! A solid spruce top, melded with a solid CNC machined mahogany body, with the acoustic resonance wood of choice a mahogany neck, all shaped in the tradition of a Telecaster; it is revolutionary. Then add the innovation of industry standard Fishman electronics and a custom designed Telecaster pickup and you have a guitar that rocks across many genres. It is also made in America, so, it is an investment that will grow in value over the years. Check it out today at Pro Music!
