

Proline 6 Inch Dredge With Twin GX270 And HP500 Pumps (*Local Pickup Only)

**THIS PRODUCT IS AVAILABLE FOR LOCAL PICKUP ONLY!
For Exceptions, Please Call Us.**

The Proline 6" gold dredge is one of our personal favorites. It is relatively lightweight and can be transported and assembled with little more effort than that required for a 5" dredge, yet, it is capable of processing several times more material than those smaller dredges. The 6" gold dredge is ideally suited for use as an exploration and sampling unit for larger mining projects and is also capable of being the primary source of gold recovery in smaller operations. In our opinion, the 6" is the largest gold dredge that can be effectively operated by one man, however, a two-man team would

allow the gold dredge to be used to its fullest potential.
