

Keene Nome Beach Box Highbanker With GX120 Honda And Miracle Mat 176244

This high production power sluice has been designed and tested for the beaches of Nome Alaska where ultra fine gold recovery and larger capacities are required. Designed to accommodate additional connecting sluices for prolonged run time and greater capacity.

Hand priming pump makes priming the high pressure pump easy.

20ft. intake hose enables you to reach into the ocean to provide consistent water for the pump.

50ft. pressure hose allows for highbanking to continue even when the tide is going out.

Honda 4hp engine.

Price: \$4,167.00
