

Gretsch G5420T Aspen Green Electromatic Hollow Body Single Cut With Bigsby

No nonsense, Electromatic hollow-body guitars are the perfect real, pure and powerful Gretsch instruments. They're your next-step Gretsch—bold, dynamic and articulate, and crafted with essential Gretsch sound, style and playability.

Gretsch G5420T Electromatic Hollow Body Orange

DISCONTINUED

Please see the new [Gretsch G5420T Aspen Green Electromatic Hollow Body Single Cut With Bigsby](#)

When the Gretsch® R&D team recently unearthed a Baldwin-era Filter'Tron pickup with knockout punch and phenomenal twang, they incorporated its DNA into the dynamic "Black Top" Filter'Tron™ humbucking pickups, which endow Electromatic hollow-body instruments such as the G5420T with an electrifying new voice and sonic identity.

The G5420T Electromatic® Hollow Body is a sharp-looking Gretsch guitar with a bound single-cutaway hollow body featuring sound post bracing and elegantly bound F Holes. Other features include a maple neck, bound rosewood fingerboard with 22 medium jumbo frets and hump-block pearloid inlays, silver plexi pickguard, three-position pickup switch, classic "G-Arrow" control knobs, rosewood-based Adjusto-Matic™ bridge and Bigsby®-licensed B60 vibrato tailpiece, vintage-style open-back tuners and chrome-plated hardware.

Gretsch G5715 Lap Steel Black Sparkle

Gretsch G5715 Lap Steel Black Sparkle. The Gretsch® Electromatic Lap Steel produces the unmistakably rich tones of an electric Hawaiian guitar. Sleek and smoothly finished in black sparkle (G5715) or tobacco sunburst (G5700), it features a solid mahogany slab body, chrome-covered single-coil pickup, chrome-plated string-through-body bridge, silver plastic deco control plate and variously shaped fingerboard position markers (circle, triangle, square, diamond).

Jackson JS11 Dinky Black

Swift, deadly and affordable, Jackson JS Series guitars take an epic leap forward, making it easier than ever to get classic Jackson tone, looks and playability without breaking the bank. Upgraded features such as arched tops, new high-output ceramic-magnet pickups, graphite-reinforced maple necks, and black hardware deliver more for less.

The JS11 Dinky has a poplar body, bolt-on maple speed neck with graphite reinforcement, and 12"-radius amaranth fingerboard with 22 jumbo frets and white dot inlays. Other features include dual high-output Jackson humbucking pickups with ceramic magnets and three-way blade switching, synchronized

fulcrum tremolo bridge, black hardware and die-cast tuners.
