

Coiltek 15 Inch Goldseeker For Minelab Eureka Gold

Coiltek 15 Inch Goldseeker For Minelab Eureka Gold Metal Detector – Waterproof. A great coil for working large sand bars, in and out of the water.

Price: ~~\$240.00~~ Original price was: \$240.00. \$225.00 Current price is: \$225.00.

Customer Service Is Our Top Priority!

Coiltek 6 Inch Goldseeker For Minelab Eureka Gold

To suit Eureka Gold Detectors

Fully submersible and specifically designed for the Eureka Gold detector this coil is extremely sensitive and can detect very fine gold and some gold specimens which can be very difficult to locate with Pulse Induction machines. When used in combination with the 60 KHz frequency, this 6" coil can improve your chance to find more targets and potentially more gold.

Size: 150 MM

Part Number: C04-0014

Weight: 400 Grams

Coil Type: Round DD

Garrett AT Gold Metal Detector

**Deep Seeking,
All Terrain AT GOLD**

Headphones are included with the Garrett AT Gold (Waterproof headphones sold separately)

True All-Metal mode offers deepest detection depth and sensitivity on the smallest nuggets.

Simultaneously shows the target's conductivity and the detector's discrimination pattern.

Designed for use in wet, humid and dusty environments.

Weatherproof housing can be immersed in water to 10-foot (3m) depth.

Numerical scale from 0 to 99; indicates a target metal's conductivity for increased ability to distinguish targets from

each other.

Allows the user to manually adjust the audio threshold (constant background sound) to better hear targets.

Proportional audio response and Tone Roll Audio features provide more target information.

Allows user to hear discriminated iron and to audibly identify problematic flat iron objects like bottle caps and washers.

A Garrett exclusive feature that allows user to audibly identify iron objects even while operating in a True All Metal Mode.

There is an automatic feature that allows user to quickly ground balance the detector in mineralized soil conditions.

Non-Motion All-Metal Mode is used to precisely locate a detected target's location in the ground.

Price: \$639.99

Garrett Pro-Pointer AT

THE **NEW PRO** OF
ALL TERRAIN PINPOINTING

MORE SENSITIVE THAN OUR STANDARD
PRO-POINTER® AND **FULLY SUBMERSIBLE TO 10 FEET**

The Pro-Pointer AT provides all terrain versatility for locating and pinpointing metallic targets. It is environmentally protected from the elements and is fully submersible to a maximum depth of 10 feet or 3 meters.

Fully waterproof to 10 feet with orange color for added visibility underwater.

Maximum Sensitivity for improved detection of nuggets and other small targets. Choose from three Sensitivity levels.

Fast Retune: Quick button press instantly tunes out environment or narrows detection field for precise pinpointing of larger targets.

Retuning allows user to quickly: Shrink detection field to precisely pinpoint large targets, Tune out mineralized ground, wet beach sand, etc., Help gauge target size/distance, Help identify edges of large target, Pinpoint multiple targets versus one large target signal

Lost Pro-Pointer Alarm: After 5 minutes with no button presses, the pinpointer emits periodic warning chirps.

Automatic power off after 60 minutes of warning chirps; saves batteries.

Simple, single-button operation for Power, Retune, Sensitivity adjustment, and Stealth Mode.

Ruler in Inches and Centimeters molded into side of pinpointer to judge target depth.

Lanyard Attachment Loop molded into side of pinpointer.

New power button is easy to operate even with gloves.

Price: ~~\$150.99~~ Original price was: \$150.99. ~~\$137.99~~ Current price is: \$137.99.

**Minelab Gold Monster 2000
Metal Detector**

GOLD MONSTER 2000 tracks ultra-fine gold with sharper precision in mineralized ground using Minelab's Multi-Au™ technology, which combines VLF sensitivity and a Pulse Induction soil handling engine. Echo Wave™ Audio makes it easier to identify valuable targets by distinguishing weak gold signals from hot rocks, iron trash and interference. A real-time Gold Chance Indicator provides visual feedback on the likelihood of detecting gold versus junk, while the carbon-fibre telescopic shaft delivers portability without sacrificing durability.

Includes:

Minelab Gold Monster 2000 Metal Detector

5 Inch Round Double-D Coil With Skidplate (waterproof to 1 m / 3.3 ft)

Two Rechargeable 2700 mAh Lithium-Ion Batteries

Universal Shaft Adapter

Universal AC Charging Cable

Priority!**

**MineLab GPZ 7000 Metal
Detector**

Extreme Gold Depth

So how deep can you go? Well, up to 40%* deeper than the GPX series. Old gold fields are new again, thanks to the revolutionary new ZVT technology. Minelab takes you much deeper than ever before!

Maximum Gold Sensitivity

The incredible sensitivity of the GPZ 7000 with the Super-D coil gives you the ultimate advantage in the field. Find gold others have missed, from sub-gram gold through to those elusive 'retirement nuggets' still out there.

Precision Ground Balance

Most gold is buried in the mineralized 'difficult' ground that many detectors can't cope with. The GPZ 7000 accurately 'balances' and automatically 'tracks' to even the most severe ground conditions, with ease.

Enhanced Noise Immunity

The outstanding noise immunity of the GPZ 7000 enables very smooth and quiet detecting. With 256 Noise Cancel channels, the GPZ 7000 picks up less atmospheric noise. Listen to the gold, not the noise interference!

Simple Menu System

The easy-to-use Menu Pages group similar functions together under Detect and Map sections, with all settings quickly accessible. Use the Guide Sequences to get started. You don't need to be an expert to find gold!

Wireless Audio Freedom

Detect without your headphones attached to the detector. With the WM 12 Wireless Module you have the choice of using the in-built speaker, the supplied headphones, or your favourite headphones.

GPS Locating & PC Mapping

See your location and log gold finds as you detect. With the built-in GPS you'll efficiently cover more ground and won't miss a nugget! Record your favourite 'hot-spots' by saving data to XChange 2 with Google Maps.

Waterproof Coil to 1 m (3 ft)

The GPZ 14 coil is waterproof and submersible to a depth of 1 m (3 ft). You can easily detect rivers and shorelines with no fuss! The weatherproof design of the GPZ 7000 allows you to go detecting in rainy or wet conditions.

Price: ~~\$12,349.00~~ Original price was:
\$12,349.00. \$9,499.00 Current price is: \$9,499.00.

**MineLab MANTICORE Metal
Detector**

MANTICORE with Multi-IQ+ is the most powerful, fastest, and precise metal detector in Minelab's history. The heart of MANTICORE is its super-charged Simultaneous Multi-Frequency (MULTI-IQ+) engine. This feat of innovation generates an incredible 50% power increase over the best-selling detector series of all time: EQUINOX. When combined with advanced 2D Target Identification (ID) and rich audio options, the detectorist has every bit of vital information arriving at their eyes and ears. MANTICORE is an unrivalled detecting experience that pushes the boundaries of detecting to deliver more power, more depth, and more finds.

Includes:

Minelab MANTICORE Metal Detector

Low Latency Wireless Headphones With Carry Case

11-inch round Double-D coil with skidplate (waterproof to 5 m / 16 ft)
