The GOLD MONSTER 1000 features fully automatic operation and comes with a choice of coils, battery options and shaft configurations. If you’re looking for super sensitive gold performance at a great price, then this is the detector you’ve been waiting for!

Price: $999.00

Customer Service Is Our Top Priority!

Minelab Gold Monster 2000 Metal Detector

GOLD MONSTER 2000 tracks ultra-fine gold with sharper precision in mineralized ground using Minelab’s Multi-Au™ technology, which combines VLF sensitivity and a Pulse Induction soil handling engine. Echo Wave™ Audio makes it easier to identify valuable targets by distinguishing weak gold signals from hot rocks, iron trash and interference. A real-time Gold Chance Indicator provides visual feedback on the likelihood of detecting gold versus junk, while the carbon-fibre telescopic shaft delivers portability without sacrificing durability.

Includes:

Minelab Gold Monster 2000 Metal Detector
5 Inch Round Double-D Coil With Skidplate (waterproof to 1 m / 3.3 ft)
Two Rechargeable 2700 mAh Lithium-Ion Batteries
Universal Shaft Adapter

Universal AC Charging Cable
Car Battery Charger
Wired Earbuds 1/8 Inch

Minelab GPZ 7000 Metal Detector

Extreme Gold Depth
So how deep can you go? Well, up to 40%* deeper than the GPX series. Old gold fields are new again, thanks to the revolutionary new ZVT technology. Minelab takes you much deeper than ever before!

Maximum Gold Sensitivity
The incredible sensitivity of the GPZ 7000 with the Super-D coil gives you the ultimate advantage in the field. Find gold others have missed, from sub-gram gold through to those elusive ‘retirement nuggets’ still out there.

Precision Ground Balance
Most gold is buried in the mineralized ‘difficult’ ground that many detectors can’t cope with. The GPZ 7000 accurately ‘balances’ and automatically ‘tracks’ to even the most severe ground conditions, with ease.

Enhanced Noise Immunity
The outstanding noise immunity of the GPZ 7000 enables very smooth and quiet detecting. With 256 Noise Cancel channels, the GPZ 7000 picks up less atmospheric noise. Listen to the gold, not the noise interference!

Simple Menu System
The easy-to-use Menu Pages group similar functions together under Detect and Map sections, with all settings quickly accessible. Use the Guide Sequences to get started. You don’t need to be an expert to find gold!

Wireless Audio Freedom
Detect without your headphones attached to the detector. With the WM 12 Wireless Module you have the choice of using the in-built speaker, the supplied headphones, or your favourite headphones.

GPS Locating & PC Mapping
See your location and log gold finds as you detect. With the built-in GPS you’ll efficiently cover more ground and won’t miss a nugget! Record your favourite ‘hot-spots’ by saving data to XChange 2 with Google Maps.

Waterproof Coil to 1 m (3 ft)
The GPZ 14 coil is waterproof and submersible to a depth of 1 m (3 ft). You can easily detect rivers and shorelines with no fuss! The weatherproof design of the GPZ 7000 allows you to go detecting in rainy or wet conditions.

Price: ~~$12,349.00~~ Original price was: $12,349.00.$9,499.00Current price is: $9,499.00.

Minelab MANTICORE Metal Detector

MANTICORE with Multi-IQ+ is the most powerful, fastest, and precise metal detector in Minelab’s history. The heart of MANTICORE is its super-charged Simultaneous Multi-Frequency (MULTI-IQ+) engine. This feat of innovation generates an incredible 50% power increase over the best-selling detector series of all time: EQUINOX. When combined with advanced 2D Target Identification (ID) and rich audio options, the detectorist has every bit of vital information arriving at their eyes and ears. MANTICORE is an unrivalled detecting experience that pushes the boundaries of detecting to deliver more power, more depth, and more finds.

Pro-Camel 24 Inch Gold Wheel

When the base material is properly classified, meaning the relative size of the material being processed is the same, the

Pro-Camel Automatic Gold Panning Machine is hard to beat for recovering fine gold.
Created by the pioneers in spiral panning technology for more than 40 years.
It is a fast, high capacity machine capable of processing up to 400 pounds of placer sand per hour.
That is a 471% increase in processing capacity over the Desert Fox Automatic Gold Panning Machine.
Unique 2-stage Spiral Wheel
15 Spiral riffles lead into an inset second stage of 5 additional spiral riffles.
This innovative design increases gold recovery over the standard single stage wheels.
Exclusive Aqua-Jet technology ensures that the material stays in a slurry allowing the gold to drop out into the spirals.
Variable speed wheel control & adjustable water flow.
Allows you to fine tune the Pro-Camel Automatic Gold Panning Machine to the material being processed.
The drive unit is gear driven and uses sealed ball bearings allowing it to run smoothly, quietly, and be energy efficient.
Powered by any 12-volt Battery with at least 16 amps of output (Battery Not Included).
