Business Philosophy

Pro Music's business philosophy has remained steadfast since its early days:

- 1) To provide superior quality products at competitive prices.
 - 2) To provide expert knowledge and technical support with every sale.
 - 3) To give our customers what we wanted, when we were retail store customers ourselves. Great customer service!
-

Business History – 37 Years In Business

Pro Music was established in 1988 in Fairbanks, Alaska. In 1992 "Professional Music", as it was named in the early days, officially changed its name to Pro Music, Inc.; and its status as a sole-proprietorship, to a small corporation. We rent studios to an independent group of music teachers to provide educational services. Pro Music is an authorized Fender, Squier, Gretsch, Jackson, Charvel, and EVH instrument repair center.

Pro Music started selling gold prospecting equipment in 2012. We found the music and prospecting industries compliment each other very well. The owner of Pro Music came to Alaska 39 years ago to study Geophysics at the University Of Alaska after finishing a Forestry Engineering degree; so the knowledge, education, and experience was already in place. It is all about getting families out enjoying the great outdoors and finding some gold!
