Pro Music Alaska T-Shirt

Material: 100% Cotton

Origin: USA

Manufacturer: Bella+Canvas

AIRLUME COMBED & RING-SPUN COTTON. NO C.O.E.
Bella+Canvas have been preaching the combed and ring spun message since day one, back when all the other guys were using carded open end. Bella+Canvas have been true to their core belief that quality garments start at the thread level, which is exactly where they started their design process. Their signature Airlume Combed and Ring-Spun Cotton is engineered to create the softest, smoothest tee you've ever felt.

THE AIRLUME DIFFERENCE?
Clean Cotton: Bella+Canvas comb out 2.5x more impurities than standard ring spun cotton
Long Staple Cotton: This makes for less stray fibers and a tight-knit print surface
Eco-Dyed: The fabric is dyed using 7x less water and eco-friendly dyes
