Fender Pelt Fuzz Distortion Pedal

A good fuzz pedal is indispensable—this gloriously splatty, satisfying sound has been the cornerstone of rock tone for

decades. An all-original design, The Pelt Fuzz has a few tricks hidden up its sleeve. All the familiar controls are there: Level, Fuzz and Tone, along with a Bloom control to shape the contours of your sound. Our secret-weapon Mid switch lets you boost or cut the midrange for even more voicing options, while the Thick switch adds some girth to your sound.

The Pelt Fuzz is built around silicon transistors, giving it the classic sound from the ‘60s.

The Mid and Thick switches change the texture of The Pelt Fuzz, covering all your tonal needs—thick or thin.

Every Fender effects pedal is crafted from lightweight, durable anodized aluminum-they’ll easily withstand the rigors of touring.

Model Name: Marine Layer Reverb
Model #: 0234542000
Series: Accessories
Country Of Origin: CN

Part# 0234542000

UPC 859789451462

Price: $178.99

SKU: 7493

Categories: Pedal Effects

Product Short Description :

Silicon fuzz effect pedal
Mid and Thick voicing switches
LED-backlit knobs; Fender Amp Jewel LED
