Fender CT-60S Black Solid Top Acoustic Travel Guitar

The new Classic Design CT models feature a brand new body shape: Travel. Its short scale and compact size make it the

perfect instrument to bring along wherever the music takes you. The CT-60S Travel body is derived from an Auditorium shape that’s been scaled down to 23.5″ for comfort and portability. A great choice for players of all ages and sizes, it’s an exceptional alternative to downsized instruments normally reserved for young strummers.

Like all Classic Design guitars, the CT-60S includes a solid spruce top, easy-to-play neck profile and rolled fingerboard edges, along with mahogany back and sides and a rosewood fingerboard.
