Fender Standard Stratacoustic v2 Black Acoustic-Electric Guitar

The Standard Stratacoustic truly represents the best of both worlds—the classic, familiar body shape, headstock and neck feel of a Stratocaster® in a well-made and affordable acoustic-electric guitar. Perfect for musicians who prefer the feel of an electric guitar with the sonic performance of an acoustic, the Standard Stratacoustic combines a spruce top and comfortable fiberglass back and sides with great-sounding onboard electronics. Fantastic for both practice and performance, amplified or unplugged, it’s a very versatile guitar in a cool black finish, and an awesome choice for acoustic rock.
