

Fender CB-60SCE Black Solid Top Acoustic-Electric Bass

The Classic Design series rounds out with the CB-60SCE, an acoustic bass that goes above and beyond anything in its class. This model makes use of the same slim-taper, easy-to-play neck profile found on all Classic Design guitars. Its solid spruce top and mahogany back and sides complement the concert-sized body for a smooth and articulate low end. The perfect companion for an 'unplugged' session, the CB-60SCE comes equipped with a flexible Fishman® electronics system that's well-suited to the stage or studio.
