Jackson SBX IV Spectra Bass Satin Graphite

With modern style, flexible tone and incomparable value, the Jackson X Series Spectra Bass SBX IV takes the adventurous

player on a bold bass odyssey, launching a commanding all-new entry in Jackson’s formidable neck-through-body bass lineup.

The offset Spectra Bass body style was innovatively designed with the gigging musician in mind. Its poplar body has a larger upper horn that evenly distributes weight throughout the instrument for perfect balance and playing comfort. The graphite-reinforced through-body maple neck with scarf joint creates formidable sustain, with a speed neck contour, 12″-16″ compound radius laurel fingerboard and 24 frets for superior playability.

The SBX IV provides a full-sonic spectrum for even the most versatile and progressive bassists. Dual passive medium-output humbucking pickups create a dynamic foundation with punch, power and note articulation. Wide-ranging tonal command comes from a two-way toggle switch for pickup coil splitting, 3-band active EQ, blend control and volume control with push/pull selector to bypass or engage active circuit for the 3-band EQ. The push/pull selector eliminates the risk of losing sound due to a dead battery. A quick pull on the volume knob bypasses the active circuit, making it easy to regain sound from the bass without the use of battery power.

This four-string bass also features a HiMass™ hardtail bridge that enhances sustain and improves attack.

Model Name: X Series Spectra Bass SBX IV, Laurel Fingerboard, Satin Graphite
Model #: 2919904544
Series: X
Country Of Origin: ID
Color: Satin Graphite
Body: Poplar
Body Finish: Satin
