# Fender American Performer Stratocaster Honey Burst Rosewood Fingerboard With Gig Bag

Born in Corona, California, the American Performer Stratocaster delivers the exceptional tone and feel you expect from an authentic Fender—with new enhancements that make it even more inspiring to play.

The push-pull pot activates the neck pickup, letting you access neck/bridge and “all on” combinations with a simple finger flick.

This uniquely Fender tone system (Grease Bucket) lets you cut treble without losing gain or “muddying” your sound, preserving your carefully shaped tone.
