Fender American Stratocaster 3-Color Sunburst Rosewood Fingerboard With Hardshell Case

The American Standard Stratocaster® is the same great best-selling, go-to guitar it has always been, and now it’s upgraded with aged plastic parts and full-sounding Fender® Custom Shop Fat ’50s pickups. The latest iteration of our

time-honored classic, it is the very essence of Strat tone and remains a beauty to see, hear and feel. Icon. Not a word to be used lightly. But the Stratocaster is just that. The new American Standard Stratocaster guitars are beauties to behold in sound, look and feel. We kept the hand-rolled fingerboard edges, alnico V pickups and staggered tuning machines for playability, tone and stability, and added several new features, including: A new bridge with improved bent-steel saddles and a copper infused high mass block for increased resonance and sustain. A new neck treatment tinted for a richer presentation, with the maple or rosewood fingerboard buffed to a high gloss. The back of the neck still has that silky satin finish. A thinner finish undercoat that lets the body breathe and improves resonance. A new Fender-exclusive SKB molded case.
