Fender Squier Paranormal Cyclone Daphne Blue Laurel Fingerboard

The Paranormal Cyclone® combines details from several iconic Fender models to create a whirlwind that is greater than the sum of its parts. With a small offset body shape borrowed from the Mustang®, pickups and vintage-style tremolo from a Stratocaster®, and controls from a Jaguar®, this guitar delivers standout style and versatile tone perfect for any musical genre. Further player-friendly callouts include a 24.75" scale length and slim "C"-shape neck profile for easy playability and a gloss neck finish for a slick feel.
