Please see the new [Gretsch G5420T Aspen Green Electromatic Hollow Body Single Cut With Bigsby](#)

When the Gretsch R&D team recently unearthed a Baldwin-era Filter'Tron pickup with knockout punch and phenomenal twang, they incorporated its DNA into dynamic new "Black Top" Filter'Tron™ pickups, which now endow Electromatic hollow-body instruments such as the G5420T with an electrifying new voice and identity.

The G5420T Electromatic® Hollow Body is a sharp new Gretsch guitar with a bound single-cutaway hollow body featuring sound-post bracing and elegant bound f holes. Other features include a maple neck, bound rosewood fingerboard with 22 medium jumbo frets and hump-block pearloid inlays, silver plexi pickguard, three-position pickup switch, classic "G" arrow control knobs, rosewood-based Adjusto-Matic™ bridge and Bigsby®-licensed B60 vibrato

tailpiece, vintage-style open-back tuners and chrome-plated hardware.
