Jackson JS1X Dinky Minion Gloss Black

A minuscule axe with a monstrous bite, the Jackson® JS Series Dinky™ Minion JS1X is ideal for aspiring little shredders or

grownup road dogs who need an easy-traveling instrument loaded with all the features they love.

Offering a 2/3 scale length (22.5”), the Dinky Minion JS1X features a poplar body, speedy bolt-on maple neck with graphite-reinforcement rods and a 12”-radius amaranth fingerboard with 24 jumbo frets and sharkfin inlays. A rear-angled Jackson pointed 6-in-line headstock allows for evenly distributed tension, while a sculpted heel paves the way for easy upper fret playing.

A pair of Jackson high-output humbucking pickups with ceramic magnets crank out clear tone with plenty of girth. The neck position delivers bright highs while the bridge adds plenty of crunchy distortion. Its versatile voice can be shaped with a three-way toggle switch and single volume and tone controls, while a string-through-body hardtail bridge with block saddles improves intonation and sustain.

Model Name: JS Series Dinky™ Minion JS1X, Amaranth Fingerboard, Gloss Black
Model #: 2912223503
