

RapcoHorizon H14-15 15 Foot Speaker Cable

Our most popular speaker cable, the H series uses bare copper stranded, twisted pair conductors – each individually jacketed with an overall round jacket added for durability. This commercial grade speaker cable is flexible and will stand the test of time. 14 gauge wire.

- * Heavy duty durable PVC jacket
- * Twisted pair construction for noise rejection
- * Pure copper strands for excellent sound reproduction
- * Hand soldered, high quality metal 1/4 inch connectors
- * Individually tested for performance and quality
