Jobe 45″ Yellow Jacket Sluice Box

The JOBE 45 is 10 inches wide and 45 inches long weighing only 9 pounds. The riffles are designed for superior recovery under different water and gravel conditions. The first few riffles are stream riffles to make it easier for the water to start to move the material, followed by Hungarian riffles to enhance recovery if greater stream volume is available. A section of diamond cut raised aluminum is included for enhanced fine gold recovery. The steel riffles are plated for decades of durable service. Accessories are available to convert the 45 inch sluice into a power hibanker or a dredge. The 45 inch sluice has a removable flare.

45 Inch Yellow Jacket Sluice Manual

Price: $185.00

SKU: 6470

Categories: Sluice Boxes

Tags: Gold Prospecting Supplies, Gold Sluice, Stream Sluice

Product Short Description :

NOTE: This is the Extreme version that has two clamps per side instead of one like in the picture. It also has V-matting below the carpet so it can be used as a consentration finishing sluice as well.

This is a great sluice box to start with, and can also be expanded into a highbanker system as you want to increase production capability.
