Product Short Description :

This 36 inch long Extension Sluice can be used to add 3 feet in length to the GOLD BUDDY Equipment Sluice, the JOBE 6504, or the Keene A52. It has the same riffles, ribbed mat, miners moss, and expanded aluminum as the GOLD BUDDY Equipment Sluice.

It is designed to be placed in the first position in the sluice box chain. Thus your flair, hopper, or header box needs to be bolted to this unit and then your existing sluice box is bolted on the end.
