Keene KSCR Super Concentrator

Introducing the Keene KSCR Super Concentrator – the ultimate gold recovery tool for professional prospectors. This high-performance concentrator is designed to provide unmatched fine gold recovery, ensuring you get the most out of your gold prospecting efforts.

Built with quality and durability in mind, the KSCR Super Concentrator features a first-of-its-kind Hungarian Riffle

molded into a high-grade rubber mat, ensuring maximum gold retention. The portable 44″ x 8″ concentrator sluice is equipped with a built-in flood-header box and adjustable flow valve, allowing you to fine-tune your gold recovery process.

The KSCR Super Concentrator also includes an adjustable spray nozzle for easy clean-up and concentrate movement, making your gold-panning experience efficient and hassle-free. The concentrator comes with adjustable brackets, two 5-gallon buckets, and a powerful 1250 GPH 12-volt pump, providing you with everything you need to start recovering gold right away.

With the Keene KSCR Super Concentrator, you'll experience unparalleled gold recovery performance and efficiency, making it the perfect addition to your gold prospecting arsenal. Invest in the KSCR Super Concentrator today and elevate your gold prospecting game to the next level!
