AKG C3000 Microphone

The C3000 high-performance, large-diaphragm condenser microphone has been a standard for live applications and studio recording for almost two decades. It is an excellent choice for vocals, electric and acoustic guitars, drum overhead and brass instrument miking. The switchable attenuation pad and low-cut filter enable high SPL up to 150dB and eliminate proximity effect.

The redesigned C3000 presents itself as a cost-effective, rugged workhorse with a sleek and classy finish.

Proven performance for more than 15 years
the standard for live applications and studio recording

Ultralow-noise electronics and switchable attenuation pad
enable high dynamic range and allow SPL up to 150dB

Switchable low-cut filter
eliminates proximity effect

Classic sound made affordable
gold-sputtered one-inch capsule tuned in the tradition of AKG´s sonic expertise

Heavy-duty die-cast metal housing
provides maximum protection on stage and in the studio
