

## AKG K240 MKII

The K240 MKII professional over-ear, semi-open headphones are a long-time standard in studios, in orchestras and on stages around the world. Its advanced Varimotion 30 mm XXL transducers deliver solid low end, accurate mids and crystal-clear highs. The semi-open design provides the airiness of open headphones with the powerful bass response of closed designs.

For more than three decades, professional engineers and musicians have made the K240 the most widely used headphones in studios and at live consoles around the world.

Studio-standard semi-open 55-ohm around-the-ear headphones equipped with

detachable cable with locking connector and screw-on 1/4-inch adapter. Comes with leatherette and velour ear pads, 10-ft straight and 16.5-ft coiled cables.

Over-ear design  
for comfort during long work sessions

Semi-open technology  
for solid bass and airy highs

Patented Varimotion 30 mm XXL transducer  
for accurate signal transfer and great dynamic range

Self-adjusting headband  
for optimum fit

The choice of professionals around the world  
stage and studio standard for more than two decades
